Monday, June 30. 1707.

From the Antwerp Courant, dated July 1.

Ulm, June 18.

YEsterday a Party of above 3000 French Horſe, paſs'd the Danube a Mile from hence, and have put the Country under Contribution quite up to the Lake of Conſtance. They have demanded of this City and its Diſtrict 400000 Florins. The Prince of Baden Dourlach, who commands our Garriſon, judging the Marſhal de Villars has his Eye upon this Place, makes all neceſſary Preparation for its Defence. Our Garriſon conſiſts of 4000 Men, of which ſome are Militia. All our Cannon are drawn out upon the Walls, and the Governour of Memmingen has ſent us 40 Barrils of Powder, of which we were in Want. The wealthieſt of our Inhabitants are retiring with their beſt Effects to Ausbourg. Yeſterday we receiv'd Advice, that the Town of Schorndorf has ſurrendred to the Enemy, and that they have ſet above 8000 Pioneers to work to mend the Roads between Rechenhauſen, Goppingen and Geiſlingen. The Imperial Army are retiring towards Donawert; where if they are preſs'd they will paſs the Danube. The Duke of Wirtemberg has refus'd the Neutrality propos'd to him by the Enemy.

Heydenheim, June 19. Yeſterday the French Army march'd from the Abbey of Adelbery to Ottenbag. The Margrave of Bareith is encamp'd with the Imperial Army between this Place and Aalen on the River Kocher.

Strasbourg, June 20. The 16th Inſtant ſeveral Waggons arriv'd here from the Country of Wirtemberg, with Money rais'd by Contributions. An Expreſs from the Marſhal de Villars has brought an Account, that he had made himſelf Maſter of Schorndorf, and deſign'd to break up to Day with his whole Army (which beſides the Detachments he has poſted in ſeveral Places, conſiſts of 52 Battallions and 68 Squadrons,) and March to the Danube, to lay Siege to a Place of Importance. The Duke of Wirtemberg and the Circles of Swabia and Franconia will not hearken to a Neutrality. The 18th the Governour of Lauterbourg ſent Intelligence that 2500 Germans of the Garriſon of Landau had paſs'd the Rhine and were marching towards Philipsbourg; whereupon Order was ſent for 300 Men to march from Fort-Louis to Dourlach, to reinforce the Garriſon left in that Caſtle by the Marſhal de Villars. All our Troops that are in the Lines of Lauterbourg have Order to hold themſelves in a Readyneſs to march. The 17th Inſtant in the Morning the Marquis de Chamillard arriv'd in this City from Phalzbourg, and was welcom'd with a Diſcharge of our Artillery.

Stutgard, June 21. The French have taken with them all the Cannon out of Schorndorf, except 14 Pieces; and to Day their Army broke up from Ottenbag, and march'd towards the Danube: They have with them above 800 Waggons loaden with Meal and Biſcuit, and 10000 Pioneers. 'Tis believ'd they will attack Ulm, that they may have a ſtrong Poſt on the Danube. Our Duke continues with his Troops, to the Number of about 4000 Men, in the Black Forreſt. The French demand, that the Sum which this Country is to pay to them for Contributions, be actually paid before the End of October. The Enemy diſarm all the Inhabitants of the ſmall Towns and Villages. They have left at Canſtat a Body of 4000 Men, of which 1500 are Horſe, who are ſtrengthening the Bridge they have there over the Neckar. The German Troops are encamp'd above Heidenheim, to cover Donawert and Nordlingen.

Manheim, June 22. Our Garriſon is reinforc'd to 600 Men: And at Heidelberg 2 Battallions of the Elector Palatine's Troops are expected. Yeſterday 2 Veſſels arriv'd here from Mentz, with Powder, Bullets, and Corn, and this Morning proceeded for Philipsbourg. General Thungen is drawing together in the Bergſtraat a Body of 7 or 8000 Men; in Order to oblige the Enemy by a Diverſion to come back to the Rhine.

From the Leiden Gazette, dated July 1.

From the Imperial Army near Jeckingen, June 22. To Day we receiv'd Advice, that General Thungen has taken 600 French whom the Marſhal de Villars left in Dourlach; and that he is in full March with 9000 Men to reinforce us.

From the Antwerp Courant, dated July 1.

Louvain, June 29. Our Army continues encamp'd at Meldert, and the Enemy at Gembloux. The French have ſent no Detachment yet up to Germany; but Deſerters report that 16 Battallions and 20 Squadrons hold themſelves in a Readyneſs to march thither.

Hague, July 1. 'The Biſhop of Oſnabrug has 'a Deſign to procure himſelf to be choſen Coadjutor to the Electoral Archbiſhop of Trier; and 'to gain the Friendſhip of the States, and engage 'them not to lay Obſtacles in his Way, as they did 'in the Affair of *Munſter*, has written to them a 'Letter full of Compliments. 'Tis talk'd their 'High Mightyneſſes do not approve his Deſign, 'becauſe of the near Neighbourhood of Lorrain to 'the Electorate of Trier; they will however return 'Compliments for Compliments in an Anſwer to his 'Letter. The City of Leiden have written a Letter 'to the reſt of the Cities of the Province of Holland, in which they deſire that the Office of Dukegrave of Leiden, vacant by the Deceaſe of M. Duyvenwoorde late Preſident of the Council of the States of Holland, may be given to one of 'the *Magiſtrates* of their City. The College of 'Nobles have written a like Letter in Favour of M. Honorato Fornello, Genr. no Physician, could hardly be perswaded to publish his Dissolution Salt, as being laborious to be made, and since it has been (which you know is a good while ago) People have and do flock to buy it, as also send for it out of Foreign Countries, as New-England, &c, giving it its due Praise. It is a Remedy for the Stone and Gravel, which it totally roots out, by dissolving it in the Kidneys and Bladder, and carrys it away insensibly by Urine, yet visibly if made in a Vial and suffered to settle, being undeniable that the Stone is dissolved.
